

CECS 100 Section 15 - Lab Assignment # 14 (10 Points)

Due Friday, November 15 at beginning of class

Lottery Number Generator:

Design a program that generates a seven-digit lottery number. The program should generate seven random numbers, each on the range of 0 through 9, and assign each number to a list element. (Random numbers were discussed in Chapter 5). Then write another loop that displays the contents of the list.
