

In Lab Assignment – Section 15 (10 Points)

Due Monday, September 20 at beginning of class

Total Purchase

A customer in a store is purchasing five (5) items.

Write a program that asks the user for the price of each of the five (5) item, then display the subtotal of the sale, the amount of sales tax, and the total amount for purchasing the five (5) items (including sales tax).

Assume the sales tax is 9.25 percent.
