

## CECS 100 Section 15 - Lab Assignment # 5A (5 Points)

### Due Monday, October 04 at beginning of class

Write a while loop that asks the user enter two numbers. The numbers should be added and the sum displayed. The loop should ask the user if he or she wishes to perform the operation again. If so, the loop should repeat, otherwise it should terminate.

## CECS 100 Section 15 - Lab Assignment # 5B (5 Points)

Due Monday, October 04 at beginning of class

Write a while loop that lets the user enter a number. The number should be multiplied by 10, and the result assigned to a variable named ***product***. The loop should iterate as long as ***product*** is less than 120.
